COOLING COMFORT PLAN

(Air Conditioning or Heat Pump Systems)

Includes the following benefits:

Complete System Tune-Up

A certified and highly trained Stover Energy Services Technician will conduct a system check of the air conditioner system based upon industry best practices.

Increases Efficiency

Lower Energy Bills

Prolongs System Lifespan

10% Discount on Parts

Parts will be discounted at 10% (this does not apply to a system replacement).

Priority Service

Cooling Comfort Plan customers receive priority scheduling for any unexpected issue that may occur. Rest assured that we will be there for you during the hottest days of summer and all year round if you should ever need us.

Increased Indoor Air Quality

Dust, smoke, and other particles float around in the air, causing your drapes and furniture to gather dust. Having your air conditioning system cleaned every spring will create less of these airborne dust particles.

Please Complete & Return Card on Back

- New Air Conditioning System Installations
- Whole House and Ductless Mini Splits
- Rheem Kwik Confort Financing Available

If your air conditioning system is old, inefficient, or in need of repair, upgrading to a new system can help you save significantly on energy costs. Today's systems are as much as 60% more efficient than those systems manufactured as little as 10 years ago. If you are concerned about utility bills or are faced with an expensive repair, you may want to consider replacing your system rather than enduring another costly season or paying to replace an expensive component. The utility cost savings of a new unit can

GENERAL CONDITIONS

1. This agreement is between the customer and Stover Energy Services herein referred to as the Company. This agreement will automatically suspend if the customer ceases to pay for repair parts, labor, or other chargeable items when due, or renders or permits anyone other than the Company to perform service to the oil/gas air conditioning or heat pump system and associated equipment, unless so instructed beforehand by the Company. There shall be no obligation upon the Company to perform any service or provide parts after termination of this agreement. Upon termination there shall be no refund or credits allowed. This agreement is nontransferable.
2. This agreement is offered to all customers subject to an inspection and approval of their equipment. If upon inspection, the customer's equipment is found to be unacceptable or obsolete, the customer's contract coverage will be cancelled and a pro-rated refund will be returned to the customer. Repairs required to place equipment in acceptable conditions are excluded and will be charged separately.
3. The 10% part discount associated with the Cooling Comfort Plan is only eligible towards the replacement of existing parts of the current cooling system in place. The respective plan discounts will not be valid towards parts associated with upgrading equipment, converting energy sources, or new equipment installations.
4. This agreement contains in the entire agreement of the parties hereto and there are no promises, terms, conditions, or obligations other than printed herein.
